

Choose the Renewal Option that best fits you.

Following your first year of participation, the fees for subsequent years are based on your particular business configuration. If you prefer additional years, they may be purchased at the time of your initial system installation. Multiple year coverage purchased at one time will earn an attractive discount and make your total Software Assurance Plan an even better value. Please consult your local Retail Pro Business Partner for more details.

You'll always have the latest and the best.

We are committed to bringing you the absolute best in retail management and point of sale software now, and in the future as your business grows. You can count on continuous product improvements and feature enhancements in Retail Pro that are leading-edge and state of the art for your specialized retail environment. As long as you participate in the Software Assurance Plan, your business will continue to be covered even as it grows.

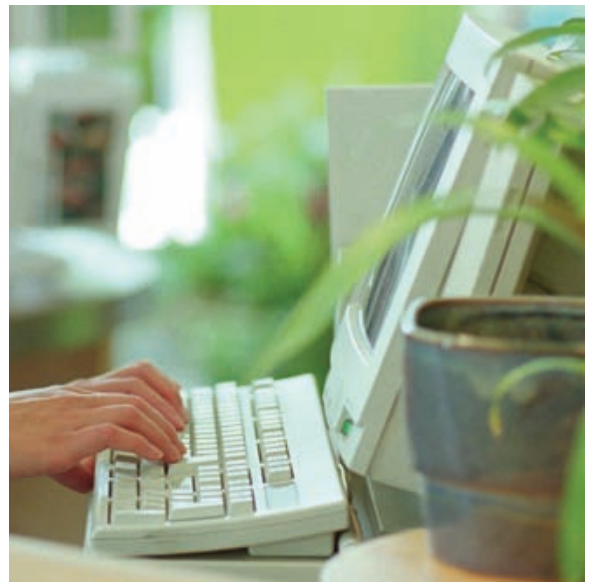

Empower your business for success.

The support of our continuing technical development, in combination with our premier Business Partner Network is second to none. The addition of Retail Pro's Software Assurance Plan is the logical and smart choice for protecting the software investment you've made in your business.

Sign up today for the Retail Pro Software Assurance Plan and join the thousands of other participant retailers worldwide who have chosen Retail Pro as their partner for success.

Retail Pro Software Assurance

Protecting your investment with Retail Pro's Software Assurance is your best advantage.

(Formerly known as Retail Pro Membership)

Why you need it - the privileges and benefits of Software Assurance.

Retail Pro's Software Assurance Plan is a great example of how our total solution continues to work for you long after your initial investment with software updates, the development and benefit of expanded features, enhancements and more.

Peace of mind.

Participating in the Software Assurance Plan provides relief from anxieties associated with purchasing a new Point of Sale or Store Management program. It's a comfort knowing you'll never be left behind with an outdated solution as newer updates are released. Software Assurance is your opportunity to ensure that as your business grows you will continue to benefit from the development of all the new features and enhancements in Retail Pro - because you helped it happen. As with any product, significant investments are required to continue it's advancement, including Retail Pro - and those who participate in the Software Assurance Plan are greatly rewarded.

Join now and benefit instantly.

By purchasing Retail Pro's Software Assurance, you will immediately enjoy the same benefits as all others who participate in this Plan. When you are ready to upgrade, your local Retail Pro Business Partner will work closely with you to ensure a well-planned and executed update installation.

Here's what you'll receive when you participate.

- Free software enhancements and upgrades
- Exclusive Participant E-Manual updates and supplements to help with new features
- Participant Only web site including:
